As a young reader, your child is learning to make predictions while reading which they can use to monitor their understanding of the story while thinking ahead to the next part. Scientists, just like readers, make predictions all the time. Help your child begin to see the connection between what she does as a reader and what she can do as a scientist.

1. Introduction. This paper examines the relationship between political connections and corporate innovation in China. The impact of political risk on the economy is one of the fundamental research in finance and economics (Pagano and Volpin, 2005). There is an increasing number of studies showing a negative effect of abundant resource endowments on regional economic growth, which leads to ...
