

management a competency based pdf

Competency-based management (CBM) supports the integration of human resources planning with business planning by allowing organizations to assess the current human resource capacity based on their competencies against the capacity needed to achieve the vision, mission and business goals of the organization. Targeted human resource strategies, plans and programs to address gaps (e.g ...

Performance management is about achieving results in a manner that is consistent with organizational expectations. Integrating competencies within the performance management process supports the provision of feedback to employees not only on "what" they have accomplished (i.e., performance goals), but also "how" the work was performed, using competencies for providing feedback.
