While snoring is a nuisance to those around you, it may also be a sign of a more serious breathing disorder known as sleep apnea. Sleep apnea results when you stop breathing at intervals throughout the night: your body awakens just enough to breath, and you might not be aware of a problem. Sleep apnea can result in daytime drowsiness, memory loss, high blood pressure and even premature death.

Dental Materials / Procedures Solutions It is important to educate yourself as to the toxicity of dental materials. One of the reason that most dentists are totally unfamiliar with the toxicity of the substances and procedures they use is that the dental trade organizations work closely with dental material manufacturers to downplay safety concerns.
